

2021 ANNUAL REPORT MESSAGE FROM LEADERSHIP

Dear Friends,

As the global pandemic evolved in 2021, Support Kansas City leaned into the challenges. We began implementation of a three-year strategic plan with a primary focus on the client experience, financial stability, and staffing. A new customer experience plan and quality measures were defined, implemented, and tracked. As a result, our customer survey reported positive increases in the client experience. We also made significant progress in becoming more financially stable, moving towards a full staff with a more optimal structure, and enhancing our diversity.

Our clients in the nonprofit community continued to face significant challenges related to the global pandemic in 2021 as well. SKC is proud of our client partners who tenaciously met the challenge of staying mission focused so that our communities would continue to receive the support that was so desperately needed. We are constantly humbled to partner with and share in the collective success of so many great nonprofits in our community.

We are proud of SKC's role in the community and our forward progress in 2021. It was an evolutionary step for our organization on the path to sustainable growth into a new future. As we continue to implement the goals of our strategic plan, we are experiencing an *exciting momentum*.

We are grateful for our dedicated staff and their accomplishments, the continued leadership and support from our board, the nonprofit clients that elevate our community, and the financial support of foundations who make our work possible.

MISSION

SKC enables nonprofit organizations to focus on their missions by providing integrated expertise in financial management and support services.

VISION

A high performing, sustainable nonprofit community.
